

2008 Slogan Contest

Oral Health America's National Spit Tobacco Education Program (NSTEP) is pleased to announce the launch of its annual slogan contest, engaging young baseball players in greater awareness of the health risks of spit tobacco use. Oral Health America receives many slogan submissions each year. The winner will demonstrate knowledge about the consequences of using spit tobacco, and show creativity in sharing that knowledge.

Eligibility: All Little League Baseball and Softball players up to the age of fourteen (14) that are, or were, on a roster for an affiliated Little League Baseball program in the United States for the 2008 season are eligible for the award.

Award: Oral Health America will award the winner a paid trip for two (2) for one night including airfare, hotel accommodations and ground transportation to the Little League Baseball World Series in Williamsport, PA. (Please note: The World Series is held between August 15 and August 24, 2008. The winner must be able to travel during this period.) The winner will also receive a prize valued up to five hundred dollars (\$500), and the winner's league will receive five hundred dollars (\$500).

Directions: Slogan submissions should effectively describe the hazards of using spit tobacco and how it can affect a young athlete's total health. The entry should be targeted towards fellow young people between the ages of 8 and 14. The slogan should not exceed ten (10) words in length. A maximum of three entries per person will be accepted. The first three entries received will be the entries of record. All entries received from an individual thereafter will not be considered.

Restrictions: All entries that are deemed offensive, abusive, unoriginal or inappropriate by Oral Health America will be discarded.

Entries must be received by July 3, 2008. The winner will be announced and notified on or before July 24, 2008.

Each entry should be submitted on a separate page using the attached entry form. Entries submitted via email should include the following elements:
